Will these work?

I approve the expenses.

Caryn Ann, Robert will need a better receipt for the airfare. The screenshot doesn't show who it got paid to, and we list the ultimate vendor for reimbursements as a memo item in the FEC reports.

I have 16 applications in my possession. 2 did them online at the convention as they were not comfortable writing down their credit card number. 2 didn't have their checkbook and promised to mail them in.

So we definitely have 18, and if those two follow through, than 20.

I was able to get rides from other Libertarians for all but one trip

So attached is my airfare (\$274.97), my hotel (\$152.96), and one short uber (\$11.80). I don't worry about meals, I gotta eat wherever I am at, so that is my expense.

PS there were a few extra dollars in the package i sent as well- they didnt want change
