## PLATFORM COMMITTEE REPORT (CONTINUED)

### AMEND PREAMBLE

On behalf of the Platform Committee, Ms. Harlos moved to amend the platform as follows:

#### Preamble

As Libertarians, we seek a world of liberty; a world in which all individuals are sovereign over their own lives and ~~no one is~~ are not forced to sacrifice ~~his or her~~ their values for the benefit of others.

We believe that respect for individual rights is the essential precondition for a free and prosperous world, that force and fraud must be banished from human relationships, and that only through freedom can peace and prosperity be realized.

Consequently, we defend each person's right to engage in any activity that is peaceful and honest, and welcome the diversity that freedom brings. The world we seek to build is one where individuals are free to follow their own dreams in their own ways, without interference from government or any authoritarian power.

In the following pages we ~~have~~ set forth our basic principles and enumerated ~~d~~ various policy stands derived from those principles.

These specific policies are not our goal, however. Our goal is nothing more nor less than a world set free in our lifetime, and it is to this end that we take these stands.

The motion was adopted by a voice vote.

### AMEND CURRENT PLANK 1.0 "PERSONAL LIBERTY"

On behalf of the Platform Committee, Ms. Harlos moved to amend the platform as follows:

### **1.0 Personal Liberty**

Individuals should be free to make choices for themselves and must accept responsibility for the consequences of the choices they make. Our support of an individual's right to make choices in life does not mean that we necessarily approve or disapprove of those choices. No individual, group, or government may initiate force against any other individual, group, or government. Libertarians reject the notion that groups have inherent rights. We support the rights of the smallest minority, the individual.

The motion was adopted by a voice vote.

### **AMEND CURRENT PLANK 1.0 "PERSONAL LIBERTY"**

On behalf of the Platform Committee, Ms. Harlos moved to amend the platform as follows:

### **1.0 Personal Liberty**

Individuals ~~should be~~ are inherently free to make choices for themselves and must accept responsibility for the consequences of the choices they make. Our support of an individual's right to make choices in life does not mean that we necessarily approve or disapprove of those choices. No individual, group, or government may rightly initiate force against any other individual, group, or government.

The motion was adopted by a voice vote.

### **ADD NEW PLANK "SEX WORK" TO SECTION 2 BEFORE CURRENT PLANK 2.8**

On behalf of the Platform Committee, Ms. Harlos moved to amend the platform to insert a new plank before the current plank 2.8 as follows:

### **2.x Sex Work**

We oppose regulations and laws that restrict consenting adults from engaging in sexual activity or regulate the production, use, or sale of sexually explicit material involving consenting adults.

Mr. Sarwark recognized Aaron Starr to present the first minority report as follows:

### **1.7 Crime and Justice**

The prescribed role of government is to protect the rights of every individual including the right to life, liberty and property. Criminal laws should be limited in their application to violations of the rights of others through force or fraud, or to deliberate actions that place others involuntarily at significant risk of harm. Therefore, we favor the repeal of all laws creating "crimes" without victims where the participants are consenting adults, such as with gambling, the use of drugs for medicinal or recreational purposes, and transactions involving sexual services. We support restitution to the victim to the fullest degree possible at the expense of the criminal or the negligent wrongdoer. The constitutional rights of the criminally accused, including due process, a speedy trial, legal

counsel, trial by jury, and the legal presumption of innocence until proven guilty, must be preserved. We assert the common-law right of juries to judge not only the facts but also the justice of the law.

## **2.7 Marketplace Freedom**

Libertarians support free markets, [so we oppose regulations and laws that restrict adults from engaging in any transaction absent the use of force or fraud](#). We defend the right of individuals to form corporations, cooperatives and other types of entities based on voluntary association. We oppose all forms of government subsidies and bailouts to business, labor, or any other special interest. Government should not compete with private enterprise.

Mr. Sarwark recognized Darryl Perry to present the second minority report as follows:

### **2.x Sex Work**

[The Libertarian Party supports the decriminalization of prostitution. We assert the right of consenting persons to provide sexual services to clients for compensation, and the right of clients to purchase sexual services from consenting sex workers.](#)

Following debate, the vote on the committee proposal failed by a rising vote. Mr. Sarwark opened 5 minutes of debate to consider the minority reports, after which a rising vote chose the second minority report to become the main motion.

Christopher Gill (OH) moved to suspend the rules and allow consideration of an amendment to strike the word “persons” and instead insert the word “adults”. The suspension was adopted by a voice vote, and the amendment was taken up. Following debate, the Gill amendment was adopted by a rising vote.

Nathan Watts (TX) moved to suspend the rules to extend time for 2 minutes to consider an amendment to add the proposed language to the end of current plank 1.7 (titled “Crime and Justice”) rather than creating a new plank. The suspension failed by a voice vote.

Colin Nicol (LA) moved to suspend the rules to extend time for 5 minutes to consider an amendment to add “or products” behind “services” in both instances. The suspension failed by a voice vote.

The main motion, as amended, was as follows:

### **2.x Sex Work**

[The Libertarian Party supports the decriminalization of prostitution. We assert the right of consenting adults to provide sexual services to clients for compensation, and the right of clients to purchase sexual services from consenting sex workers.](#)

The main motion, as amended, was adopted by a rising vote.

## **AMEND CURRENT PLANK 1.4 “PERSONAL RELATIONSHIPS”**

On behalf of the Platform Committee, Ms. Harlos moved to amend the platform as follows:

#### 1.4 Personal Relationships

Sexual orientation, preference, gender, or gender identity should have no impact on the government's treatment of individuals, such as in current marriage, child custody, adoption, immigration or military service laws. Government does not have the authority to define, license, or restrict consensual personal relationships, regardless of the number of participants. Consenting adults should be free to choose their own sexual practices and personal relationships.

Mr. Sarwark recognized Mike Seebeck to present a minority report as follows:

#### 1.4 Personal Relationships

Sexual orientation, preference, gender, or gender identity should have no impact on the government's treatment of individuals, such as in current marriage, child custody, adoption, immigration or military service laws. Government does not have the authority to define, promote, license, or restrict consensual personal relationships, regardless of the number of participants. Consenting adults should be free to choose their own sexual practices and personal relationships. Until such time as the government stops its illegitimate practice of marriage licensing, such licenses must be granted to all consenting adults who apply.

Following debate, a rising vote chose to consider the minority report as the main motion. Following debate, the minority report as the main motion was adopted by a rising vote.

#### AMEND CURRENT PLANK 1.7 "CRIME AND JUSTICE"

On behalf of the Platform Committee, Ms. Harlos moved to amend the platform as follows:

#### 1.7 Crime and Justice

Libertarians believe that government force must be limited to the protection of the rights of individuals to life, liberty, and property, and governments must never be permitted to violate these rights. ~~The prescribed role of government is to protect the rights of every individual including the right to life, liberty and property.~~ Criminal laws should be limited in their application to violations of the rights of others through force or fraud, or to deliberate actions that place others involuntarily at significant risk of harm. Therefore, we favor the repeal of all laws creating "crimes" without victims, such as gambling, the use of drugs for medicinal or recreational purposes, and consensual transactions involving sexual services. We support restitution to the victim to the fullest degree possible at the expense of the criminal or the negligent wrongdoer. The constitutional rights of the criminally accused, including due process, a speedy trial, legal counsel, trial by jury, and the legal presumption of innocence until proven guilty, must be preserved. We assert the common-law right of juries to judge not only the facts but also the justice of the law and oppose the prosecutorial practice of "over-charging" in criminal prosecutions so as to avoid jury trials by intimidating defendants into accepting plea bargains.

Mr. Sarwark recognized Aaron Starr to present a minority report as follows:

#### 1.7 Crime and Justice

Libertarians believe that government force must be limited to the protection of the rights of individuals to life, liberty, and property, and governments must never be permitted to violate these rights. ~~The prescribed role of government is to protect the rights of every individual including the right to life, liberty and property.~~ Criminal

We assert the common-law right of juries to judge not only the facts but also the justice of the law.

Following debate, a rising vote chose to retain the committee proposal as the main motion. A delegate called for division. The rising vote was repeated, and the committee proposal was again ruled to be retained as the main motion.

Following debate, a rising vote on the committee proposal as the main motion was inconclusive. The rising vote was repeated, and the motion was ruled failed.

Per Convention Rule 4, the committee proposal was opened for amendments.

Aaron Starr (CA) moved to amend to retain the word "Criminal", and in the final sentence to insert a period after "justice of the law", and to replace the next word "and" with "We".

Caryn Ann Harlos (CO) moved to divide the question to separately take up retaining the word "Criminal", and separately take up the amendments to the final sentence.

The convention first took up the question on retaining the word "Criminal". Following debate, the motion failed by a voice vote.

The convention took up the second portion of the question, in the final sentence to insert a period after "justice of the law", and to replace the next word "and" with "We".

Following debate, the amendment was adopted by a voice vote.

Fred Coulter (FL) moved to strike the first three words, "Libertarians believe that". Following debate, the amendment was adopted by a voice vote.

June Genis (TX) moved to add the phrase "between adults" after the phrase "consensual transactions". Following debate, a voice vote on the amendment was inconclusive. The first rising vote was inconclusive. It was ruled failed by a second rising vote.

The main motion as amended was as follows:

## 1.7 Crime and Justice

Government force must be limited to the protection of the rights of individuals to life, liberty, and property, and governments must never be permitted to violate these rights. ~~The prescribed role of government is to protect the rights of every individual including the right to life, liberty and property. Criminal!~~ Laws should be limited in their application to violations of the rights of others through force or fraud, or to deliberate actions that place others involuntarily at significant risk of harm. We assert the common-law right of juries to judge not only the facts but also the justice of the law.

[We oppose the prosecutorial practice of “over-charging” in criminal prosecutions so as to avoid jury trials by intimidating defendants into accepting plea bargains.](#)

The main motion as amended was adopted by a rising vote.

Mr. Sarwark yielded the gavel to Arvin Vohra.

Nicholas Sarwark (AZ) moved to suspend the rules to take up proposal L (titled “Amend Current Plank 2.6 ‘Money and Financial Markets’”). The suspension was adopted by a rising vote.

## AMEND CURRENT PLANK 2.6 “MONEY AND FINANCIAL MARKETS”

On behalf of the Platform Committee, Ms. Harlos moved to amend the platform as follows:

### 2.6 Money and Financial Markets

We favor free-market banking, with unrestricted competition among banks and depository institutions of all types. Markets are not actually free unless fraud is vigorously combated. Those who enjoy the possibility of profits must not impose risks of losses upon others, such as through government guarantees or bailouts. [We support ending federal student loan guarantees and special treatment of student loan debt in bankruptcy proceedings.](#) Individuals engaged in voluntary exchange should be free to use as money any mutually agreeable commodity or item. We support a halt to inflationary monetary policies and unconstitutional legal tender laws.

Mr. Vohra recognized Aaron Starr to present a minority report as follows:

### 2.6 Money and Financial Markets

We favor free-market banking, with unrestricted competition among banks and depository institutions of all types. Markets are not actually free unless fraud is vigorously combated. ~~Those who enjoy the possibility of profits must not impose risks of losses upon others, such as through government guarantees or bailouts.~~ Individuals engaged in voluntary exchange should be free to use as money any mutually agreeable commodity or item. We support a halt to inflationary monetary policies and unconstitutional legal tender laws.

### 2.7 Marketplace Freedom

Libertarians support free markets. We defend the right of individuals to form corporations, cooperatives and other types of entities based on voluntary association. [Those who enjoy the possibility of profits must not impose risks of losses upon others. Accordingly, we](#) ~~We~~ oppose all forms of government subsidies and bailouts to business, labor, or any other special interest, [including loan guarantees such as with student loans, SBA loans, USDA loans and FHA loans.](#) Government should not compete with private enterprise.

Following debate, Mr. Vohra ruled that a rising vote chose to retain the committee proposal as the main motion. On request, the rising vote was repeated and again it was ruled that the committee proposal would remain as the main motion. A delegate requested a counted vote, and Mr. Vohra ruled it to be dilatory.

Aaron Starr (CA) raised a point of order that our rules say if 20 or more delegates object to the chair's ruling on the outcome of a rising vote, a counted vote will be held.

Nicholas Sarwark (CO) raised a point of order that the counted vote had been ruled as dilatory, therefore it was first necessary to have a majority vote overturn the chair's ruling that it was dilatory before 20 people could demand a counted vote.

Aaron Starr (CA) reiterated his point of order that our rules only require 20 people to demand a counted vote, and he requested that the rule be read.

Dean Ahmad (MD) appealed the ruling of the chair that the request was dilatory, noting that Mr. Vohra had specifically indicated he thought the vote was close, so it wasn't fair to say a request for a counted vote was dilatory.

John Wilford (TX) raised a point of order that our convention special rule of order permitting 20 people to demand a counted vote can't be superseded by the Robert's Rules majority vote requirement to overturn a chair's ruling.

After consulting the parliamentarian, Mr. Vohra reversed his ruling that the request was dilatory, and more than 20 people rose to call for a counted vote. A counted vote found 259 in favor of the committee proposal and 202 in favor of the minority report.

At 11:05 a.m. George Phillies (MA) called for orders of the day. Mr. Vohra ruled that the orders of the day were to complete the pending questions.

Bonnie Scot (NH) moved to suspend the rules for 2 minutes to consider an amendment to insert the final sentence of committee's printed rationale ("If government guarantees were ended, and this debt treated no differently than any other consumer debt, prices would fall more in line with what can be sustainably borne by students.") to the pending motion immediately following the other inserted text. The suspension failed by a rising vote.

With the committee proposal as the main motion, Matt DiGiallonardo (CO) moved to postpone indefinitely. Nicholas Sarwark (CO) raised a point of order that time has expired, thus it's out of order to move to postpone indefinitely. Mr. Vohra ruled the postponement motion to be out of order.

The committee proposal as the main motion was adopted by a rising vote.

Mr. Sarwark resumed the gavel.

## SUSPENSION OF THE RULES

Scotty Boman (MI) moved to suspend the rules to consider a platform proposal regarding children's rights to file for divorce. The suspension failed on a voice vote.

Steve Scheetz (PA) moved to suspend the rules for 2 minutes to consider a resolution from Matthew Long. The suspension failed by a voice vote.

## AWARDS COMMITTEE PRESENTATION

Dr. Lark, as chair of the Awards Committee, again introduced his fellow committee members and described the awards.

On behalf of the Awards Committee, Daniel Hayes presented the Benjamin Franklin Candidate Award to Jeff Hewitt. Mr. Hewitt accepted the award.

On behalf of the Awards Committee, Tim Hagan presented the Patrick Henry Candidate Award to Mark Miller. Lauren Daugherty accepted on behalf of Mr. Miller.

On behalf of the Awards Committee, Jennifer 'Hap' Werther presented the Thomas Paine Communication Award to Carla Howell. Ms. Howell was not present to accept the award.

On behalf of the Awards Committee, Keith Laube presented the Samuel Adams Activism Award to both Joe Johnson and Alicia Mattson. Each accepted the award.

On behalf of the Awards Committee, Jim Lark presented the Thomas Jefferson Leadership Award to Julie Fox. Ms. Fox accepted the award.

## ***MULTIPLE SUSPENSIONS OF THE RULES***

Without objection, Andrew Moore, as winner of the Lorenzo Gaztenaga Scholarship, was recognized to read his winning essay.

At 11:30 a.m., Pat Dixon (TX) moved to recess for lunch. Announcements were permitted, and the motion to recess was mistakenly not taken up before other motions were permitted.

A delegate moved to suspend the rules to consider a resolution from Matthew Long. No vote was taken.

Caryn Ann Harlos (CO) moved to suspend the rules to take up another proposal from the Platform Committee, and the motion was ruled adopted by a voice vote.

Pat Dixon (TX) raised a point of order that the chair had not put his motion for a lunch recess to a vote.

Another delegate raised a point of order that there had also been a motion to hear a resolution, and that motion was also not put to a vote. The delegate again moved to suspend the rules for 2 minutes to immediately consider a resolution directing the LNC to create a Youth Outreach Committee. The suspension was adopted by a voice vote.

## ***YOUTH OUTREACH COMMITTEE RESOLUTION***

Matthew Long (CT) moved to adopt the following resolution:

Resolved, this convention seeks to recognize and promote young libertarian activists;

Resolved, the convention instructs the Libertarian National Committee ("LNC") to create a Youth Engagement Committee ("The Committee");

Resolved, The Committee shall consist of five (5) members, of which;

- At least one shall be on the LNC,
- At least two shall be under the age of twenty-seven, and at least one shall be a current college student;

Resolved, the LNC shall appoint the members of The Committee;

Resolved, The Committee shall elect from its members a chair;

Resolved, The Committee shall make recommendations to the LNC on conducting outreach to younger voters and education such on what the party stands for; and

Resolved, this resolution shall take effect after the first meeting of the LNC.

The resolution was adopted by a voice vote.

David Stewart (OK) raised a point of order that Pat Dixon's prior motion to recess was privileged, and it should have been put to a vote. Mr. Stewart moved to recess for lunch, rather than taking up a platform plank. The motion failed by a voice vote.

## PLATFORM COMMITTEE REPORT (CONTINUED)

### AMEND PLANK 1.2 "EXPRESSION AND COMMUNICATION"

On behalf of the Platform Committee, Andy Craig moved to amend the platform as follows:

#### 1.2 Expression and Communication

~~We support full freedom of expression and oppose government censorship, regulation or control of communications media and technology. We favor the freedom to engage in or abstain from any religious activities that do not violate the rights of others. We oppose government actions which either aid or attack any religion.~~

Libertarians oppose any law respecting an establishment of religion, or prohibiting the free exercise thereof, or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances.

Mr. Sarwark recognized Caryn Ann Harlos to present a minority report as follows:

#### 1.2 Expression and Communication

We support full freedom of expression and oppose government censorship, regulation or control of communications media and technology. We favor the freedom to engage in or abstain from any religious activities that do not violate the rights of others. We oppose government actions which either aid or attack any religion. Absent any other actionable factor that would infringe upon inherent individual rights, the fact that some speech may be considered offensive is not grounds for legal action. If "hate speech" is not free speech, there is no truly free speech. Freedom means that others may say things that we abhor.

Following debate, a rising vote chose to make the minority report the main motion. Debate was opened on the minority proposal as the main motion. Following debate, the minority report as the main motion failed by a rising vote.

At 12:00 noon, the convention adjourned for lunch, and was called back to order by Arvin Vohra at 1:30 p.m. on Monday, July 2, 2018.

## CREDENTIALS COMMITTEE UPDATE

Ms. Hogarth presented an update from the Credentials Committee, with registration totals being 808 delegates and 21 alternates who are entitled to cast 813 votes. Quorum is 326.

Ms. Hogarth reported the following requested additions to state delegate lists:

Christina Coulter – CT delegate  
Gaetano Taibi – CA delegate

Ms. Hogarth moved to approve the additions. There was no objection.

Several times it was requested that the delegates lower the noise levels in the hall.

## LNC OFFICER ELECTIONS

### LNC CHAIR NOMINATIONS

Floor nominations were opened for the office of LNC Chair.

Dan Reale (CT) nominated Christopher Thrasher.

Daryl Perry (NH) nominated NOTA.

John Keil (CO) nominated himself.

Michael Heise (PA) nominated Joshua Smith.

Brian Ellison (MI) nominated Matthew Kuehnel.

Chris Wiest (KY) nominated Nicholas Sarwark.

James Weeks (PA) nominated Matthew Schutter.

Dan Behrman (TX) nominated Clayton Hunt, but Mr. Hunt declined.

Clayton Hunt (TX) nominated Daniel Behrman.

John Wilford (TX) moved to suspend the rules for the purpose of reducing the speaking time from 10 minutes to 5 minutes per candidate. The motion was adopted by a rising vote.

Tom Arnold (TN) moved to suspend the rules to increase the speaking time for the offices of LNC Secretary and LNC Treasurer from 5 minutes to 10 minutes per candidate. The motion failed by a rising vote.

Confusion arose regarding whether the adopted Wilford motion was intended to suspend the rules first and then separately consider the speaking time reduction motion, or whether it was to suspend the rules and adopt the speaking time reduction in a single vote. John Wilford (TX) moved to reduce the time for nominating speeches from 10 minutes to 5 minutes per candidate. Mr. Vohra ruled that the delegates had already adopted that motion.

**Stefan** Lynch (MA) appealed the ruling of the chair that the motion was to both suspend the rules and approve the change in a single vote. Following debate, the motion to sustain the chair's ruling failed on a rising vote, effectively finding that the suspension and time reduction were to be handled with separate votes.

The convention took up the Wilford motion to reduce the speaking times. Following debate, Mr. Vohra ruled the motion failed to achieve 2/3 on a rising vote.

John Wilford (TX) raised a point of order that the earlier motion to suspend the rules required a 2/3 vote, but the motion to shorten the speaking times should only require a majority vote. Mr. Vohra ruled the point of order well taken, and ruled that the rising vote had achieved a majority vote to shorten the speaking times to 5 minutes.

Nicholas Sarwark (AZ) raised a point of order that the regular convention rules provide the speaking times, thus it requires a 2/3 vote to suspend that provision. Mr. Vohra ruled the point of order well taken, and that the motion had not achieved 2/3, thus the speaking time would be 10 minutes per candidate.

Anastasia Wilford (TX) raised a point of order that on the original vote, which the chair had ruled was both a suspension and the time change, the chair had ruled it had achieved a 2/3 vote. That was allowed to be overturned with a majority vote to separate the questions, and now the time change should only require a majority vote. Mr. Vohra ruled that the change to the speaking time requires a 2/3 vote, which it did not achieve.

Speaking order for the LNC Chair candidates was randomized with the Secretary's 20-sided die, and nomination speeches began as follows:

<b>Nominee</b>	<b>Nomination Speakers</b>
Matt Kuehnel	Brian Ellison (MI), Matt Kuehnel
Dan Behrman	Dan Behrman
John Keil	John Keil
Matt Schutter	Matt Schutter
Christopher Thrasher	Christopher Thrasher

Darryl Perry (NH) moved to suspend the rules to allow Justin O'Donnell to speak on behalf of NOTA. The suspension failed by a rising vote. Nomination speeches continued, as follows;

<b>Nominee</b>	<b>Nomination Speakers</b>
Joshua Smith	Marcos Miralles (FL), Larry Sharpe (NY), Joshua Smith

Darryl Perry (NH) raised a point of order that NOTA had been formally nominated from the floor, and Convention Rule 8.3 permits speaking time for each candidate, therefore someone should be permitted time to speak for NOTA. Mr. Vohra ruled that because NOTA is not an actual person who can choose a representative speaker, but is rather an option on the ballot, it requires a suspension of the rules to designate someone to speak on behalf of NOTA. Starchild (CA) appealed the ruling of the chair.

Nicholas Sarwark (AZ) moved to suspend the rules to allow Justin O'Donnell 10 minutes to speak for NOTA at this time. Vohra ruled the motion to be out of order until after the appeal was decided.

Following debate, a rising vote to sustain the ruling of the chair was inconclusive. After the chair spoke about the effect of a "yes" vote, Aaron Starr (CA) raised a point of order to request clarification of the actual ruling on which we were voting. Nicholas Sarwark (AZ) raised a point of order that Mr. Starr's request was dilatory. Mr. Vohra explained his ruling and the effect of "yes" and "no" votes. Nicholas Sarwark (AZ) raised a point of order that the chair's explanation was incorrect. The motion to sustain the ruling of the chair failed by a rising vote, finding that a suspension of the rules was not required to permit someone to speak to the nomination of NOTA. Nomination speeches continued, as follows:

<b>Nominee</b>	<b>Nomination Speakers</b>
NOTA	Justin O'Donnell
Nicholas Sarwark	Tom Mahon (NM), Ruth Bennett (AZ), Jeff Hewitt (CA), Valerie Sarwark (CO), Nicholas Sarwark

Ballots for LNC Chair were distributed at 3:06 p.m.

## **LNC VICE-CHAIR FLOOR NOMINATIONS**

Nicholas Sarwark resumed the gavel and proposed that during balloting for LNC Chair, we accept floor nominations for LNC Vice-Chair, then hear the keynote address from Amaryllis Fox, and then proceed with nomination speeches for LNC Vice-Chair. There was no objection.

Nominations were opened for LNC Vice-Chair.

Max Abramson (ME) nominated himself.

Darryl Perry (NH) raised point of order that Bylaw Article 7.4 sets an eligibility requirement that National Committee members, "shall not be the candidate of any party except the Party or an affiliate." Mr. Perry indicated that he believed Mr. Abramson to be ineligible since he is a Republican candidate for State Representative. Mr. Sarwark ruled that the point of order may be well taken, subject to further verification.

Steve Dasbach (VA) nominated Joe Hauptmann.  
Eric Mulder (CO) nominated James Weeks.

Zachary Taylor (NE) nominated Steve Scheetz.  
Derrick Ryan (FL) nominated Zach Detwiler (see below for his subsequent withdrawal).  
Dustin Nanna (OH) nominated Sam Goldstein.  
Chelsey Snyder (MD) nominated Arvin Vohra.  
Joshua Eakle (TN) nominated Alex Merced.  
Jeff Lyons (MA) nominated Justin O'Donnell (see below for his subsequent withdrawal).  
A delegate nominated Vinny Marshall. Mr. Marshall was not present, and absent confirmation that he would accept the nomination, Mr. Sarwark ruled that he was not nominated.  
Spencer Kellog (NM) nominated Matthew Geiger.

Throughout this process, Mr. Sarwark repeatedly called for order and lower noise levels in the convention hall.

Nominations for LNC Vice-Chair were closed.

Chelsey Snyder (MD) raised a point of order that she doesn't believe Matthew Geiger is eligible since he is 17 years old and cannot yet register to vote. Mr. Sarwark ruled that there is no eligibility requirement to be a registered voter or be over a certain age, thus it is in order.

After researching the candidate status of Max Abramson, Mr. Sarwark reviewed Bylaw Article 7.4 and ruled that Mr. Abramson is ineligible to be nominated for vice-chair.

Max Abramson (ME) moved to suspend the rules and permit his nomination. Mr. Sarwark ruled the motion to be out of order, as bylaws cannot be suspended.

## KEYNOTE

Amaryllis Fox gave the keynote address during the tabulation of votes for LNC Chair.

## LNC OFFICER ELECTIONS (CONTINUED)

### LNC TREASURER & SECRETARY FLOOR NOMINATIONS

As tabulation continued in the LNC Chair election, the convention opened floor nominations for LNC Treasurer.

Richard Longstreth (CO) nominated Tim Hagan.  
Drew Layda (OR) nominated himself.

Nominations were closed for LNC Treasurer (but see below).

Nominations were opened for LNC Secretary.

Kyle Pierce (OH) nominated Caryn Ann Harlos.  
Omar Recuero (FL) nominated Alicia Mattson.

Dayl Thomas (DE) moved to re-open nominations for LNC Treasurer. There was no objection.

Dayl Thomas (DE) nominated Brad Thomas for LNC Treasurer.  
Jim Fulner (MI) nominated Robert Paulson for LNC Treasurer.

Nominations for LNC Treasurer were again closed.

Matt Keuhnel (MI) nominated Jeff Wood for LNC Secretary.

Nominations for LNC Secretary were closed.

## LNC VICE-CHAIR RACE UPDATES

Aaron Starr (CA) requested confirmation that each of the nominated candidates is eligible for election. The chair requested that any ineligible candidate self-identify.

Zach Detwiler requested to withdraw his nomination for LNC Vice-Chair and instead speak for NOTA. There was no objection.

## SUSPENSION OF THE RULES

Rufus Craig (LA) moved to suspend the rules and resolve that the Federal government should set Randall Lord free from prison for a crime that should not be a crime. There was no objection.

## LNC CHAIR ELECTION RESULTS

Election results for LNC Chair were presented at 4:09 p.m., with a review of state-by-state results prior to displaying the totals as follows:

**LNC Chair – Ballot 1**

<b>Candidate</b>	<b>Votes</b>	<b>Percent</b>
Nicholas Sarwark	517	65.443%
Joshua Smith	175	22.152%
Christopher Thrasher	46	5.823%

See the state-by-state subtotals in the appendices.

Having received a majority of the 790 ballots cast, Nicholas Sarwark was elected as LNC Chair.

## SUSPENSIONS OF THE RULES

A delegate made a motion to suspend the rules for the LNC Vice-Chair election such that any rounds of balloting after the first would drop any candidate not receiving 5% of the vote total. The motion was adopted by a voice vote.

Matt Cholko (VA) moved to suspend the rules to reduce the nominating speech time for LNC Vice-Chair candidates from 5 minutes to 3 minutes each. The motion failed by a voice vote.

## LNC VICE-CHAIR NOMINATION SPEECHES

Mr. Sarwark had randomized a speaking order for LNC Vice-Chair candidates with the Secretary's 20-sided die, and the convention took up their nomination speeches as follows:

<b>Nominee</b>	<b>Nomination Speakers</b>
Justin O'Donnell	Justin O'Donnell (who withdrew from the race)
Joe Hauptmann	Steve Dasbach (VA), Lindsay Horn (IN), Jeff Hewitt (CA), Joe Hauptmann
Steve Scheetz	Joe Vasoli (PA), Zach Taylor (NE), Vicky Rose (MS), Steve Scheetz

## SUSPENSION OF THE RULES

Zach Foster (CA) moved to suspend the rules for 2 minutes to consider a resolution condemning the Venezuelan regime and declaring our solidarity with the Libertarian Party of Venezuela. The suspension was adopted by a voice vote. Mr. Foster moved to adopt the following:

Whereas, the Libertarian Movement of Venezuela is Venezuela's Libertarian Party, established in December 2015 to fight for free markets and civil liberties;

Whereas, the Libertarian Movement of Venezuela has increased more than three times its membership since January 2017 despite its members having to sacrifice precious activism hours to find food and medicine for their families;

Whereas, the Venezuelan Libertarian Movement has not cowered down despite over 200 civilian fatalities inflicted against the Venezuelan people by the regime, and members of this party continue flocking to the streets to protest;

Whereas, the Movement officially partnered with two other classical liberal parties so that the "Soy Venezuela" presidential ticket could be formed so that peace, civil liberties, and free markets would be represented on the national ballot;

We would condemn the Maduro regime and the United Socialist Party of Venezuela for the violence visited against their own people and for the economic crisis they've started. We declare that we, the Libertarian Party of the United States, stand in solidarity and support of the Libertarian Movement of Venezuela now, and for the rest of time.

The resolution was adopted by a voice vote.

A delegate moved to suspend the rules to take up the resolutions agenda item until such time as the balloting for the LNC Vice-Chair race is completed. There was no objection, and the convention proceeded to hear resolutions.

Dean Ahmad (MD) moved to adopt the following resolution:

Whereas 37 states and the U.S. Senate have passed or are considering legislative and/or administrative action to infringe upon the rights of Americans to call for boycotts, divestments and sanctions of Israel, we oppose and condemn any action by government at any level that would fine, imprison, or otherwise discriminate against any American for advocating or engaging in boycott of or divestment from any government or for calling for sanctions against any foreign government.

Following debate, the resolution was adopted by a voice vote.

Ruth Bennett (AZ) moved to adopt the following resolution:

Be it resolved that the delegates and attendees thank the Convention Oversight Committee, national office staff, speakers, vendors, and Hyatt Hotel staff for making the 2018 National Libertarian Party 2018 such a success.

Following debate, the resolution was adopted by a unanimous voice vote.

Mike Shipley moved to adopt the following "New Orleans Accord" resolution:

Whereas people are only able to thrive in an environment in which their sole discretion over their own lives is respected,

Be it resolved that the Libertarian Party welcomes and accepts members from various voluntary economic schools of thought, as long as those members accept the fundamental principle that each individual should be free from involuntary servitude to others.

Kevin Shaw (CA) moved to amend the final words of the Shipley resolution as follows:

...as long as those members accept the ~~fundamental principle that each individual should be free from involuntary servitude to others~~ Non-Aggression Principle.

Following debate, a voice vote on the amendment was inconclusive. A rising vote was also inconclusive. The amendment was ruled adopted on a second rising vote.

Elijah Boyd (AL) moved to adopt the following resolution:

Whereas, Jefferson Beauregard Sessions is the 84<sup>th</sup> and current Attorney General of the United States and former Senator from Alabama;

Whereas, Jefferson Beauregard Sessions signed an order to revive civil asset forfeiture and allow local law enforcement to ignore state law;

Whereas, Jefferson Beauregard Sessions has stated that people should obey the laws of government because God has ordained them for the purpose of order and support of separating children of illegal immigrants;

Whereas, Jefferson Beauregard Sessions has rescinded domestic and gang violence as qualifiers for asylum seekers;

Whereas, Jefferson Beauregard Sessions supports a constitutional amendment to restrict federal recognition of marriage to only those between a man and a woman;

Whereas, Jefferson Beauregard Sessions, in his words, is a big fan of the DEA;

Whereas, Jefferson Beauregard Sessions has instructed federal prosecutors to seek the death penalty for drug dealers;

Whereas, Jefferson Beauregard Sessions has rescinded Department of Justice policies that avoided harsh mandatory sentences for non-violent drug offenders;

Whereas, Jefferson Beauregard Sessions, as Attorney General, rescinded the Cole Memorandum, a Department of Justice policy to limit interference in states that have legalized marijuana;

Whereas, Jefferson Beauregard Sessions has stated, "Good people don't smoke marijuana";

Whereas, we believe:

- Civil asset forfeiture is an affront to the protections guaranteed to us by the Bill of Rights.
- An appeal to a religious deity cannot be used to justify any law.
- Those under threat of violence from their government and those not afforded adequate protections from their government from violence of others should be considered for asylum protections in the United States of America
- Furthermore, we are not big fans of the DEA. We do not endorse incarceration or death for non-violent crimes. We will not abide unconstitutional federal agitation in states regarding civil asset forfeiture or drug law.
- And finally, we believe good people smoke marijuana.

Be it resolved that we, the delegates to the 2018 national convention, do condemn the U.S. Attorney General, Jefferson Beauregard Sessions, and call for his immediate removal from office.

Dean Ahmad (MD) moved to amend to delete the phrase, "An appeal to a religious deity cannot be used to justify any law." The amendment failed by a voice vote.

Aaron Starr (CA) moved to amend by striking "We believe good people smoke marijuana" and instead inserting "We believe that people who smoke marijuana are good people." Following debate, Mr. Starr withdrew the amendment without objection.

Aaron Starr (CA) moved instead to strike the sentence, "And finally, we believe good people smoke marijuana." Darryl Perry (NH) moved to amend the Starr amendment to retain the sentence but amend it to instead read "Some good people smoke marijuana".

Robert Imhoff moved to call all pending questions. No vote was conducted on the motion, but the convention proceeded directly to a vote. The Perry amendment to the Starr amendment was adopted by a voice vote, making it the primary amendment. The Perry amendment as the primary amendment was adopted by a voice vote.

Carolyn Wade (OR) wished to offer a motion to amend. Mr. Sarwark ruled the motion to be out of order because all questions had been called. A delegate appealed the ruling of the chair. The chair's ruling was sustained by a voice vote.

The main motion, as amended, was adopted by a voice vote.

Gus Tatlas (PA) nominated Steven Brenize. Michael Schultheiss (IN) re-nominated Chris Spangle, but another delegate indicated Mr. Spangle had sent a message declining the nomination.

Jim Lark (VA) requested that each of the nominated candidates attest to the Secretary that they are eligible. Mr. Sarwark indicated that he'd prefer to only verify individual candidates if specific questions arose about them.

A delegate moved to suspend the rules and establish that Instant Runoff Voting will be used for the At-Large election. Sarwark ruled the motion to be out of order while nominations were still underway.

Geoff Neale (TX) raised a point of personal privilege that the noise levels in the convention hall were too high.

Nominations for LNC At-Large were closed.

George Phillies (MA) moved to suspend the rules to change the requirement of a majority vote for election and instead establish that in the LNC At-Large race, the top-5 finishers who are eligible to serve would be elected.

Aaron Starr (CA) raised a point of order that Robert's Rules, 11<sup>th</sup> ed., p. 405 disallows plurality elections without bylaw authorization. Mr. Sarwark read from RONR p. 405, "A plurality that is not a majority never chooses a proposition or elects anyone to office except by virtue of a special rule previously adopted. If such a rule is to apply to the election of officers, it must be prescribed in the bylaws." After some informal discussion, Mr. Sarwark ruled the Phillies motion to be out of order.

Mr. Phillies appealed the ruling of the chair that his motion was out of order. Following debate, the motion to sustain the chair's ruling failed on a voice vote, finding the Phillies motion to be in order.

The convention took up the Phillies motion. A voice vote was inconclusive. The motion failed by a rising vote.

Robert Imhoff (CA) moved to suspend the rules and establish that should 5 candidates not receive a majority vote in the LNC At-Large election, a second ballot would be conducted on which only those in the top-5 who did not receive majority would be included, and each would be subject to a yes or no vote to approve their election.

Mr. Imhoff indicated his desire that the second ballot would be conducted by a voice vote, rather than a written ballot. Aaron Starr (CA) raised a point of order that Robert's Rules, 11<sup>th</sup> ed., p. 412 establishes that, "When the bylaws require a vote to be taken by ballot, this requirement cannot be suspended, even by a unanimous vote." Mr. Sarwark ruled the Starr point well taken, so the second ballot proposed in this motion would need to be a written ballot.

Aaron Starr (CA) raised a point of order that Bylaws Article 15.2 which authorizes "The Convention Special Rules of Order may provide a mechanism under which, when no candidate initially receives a majority, the candidate receiving the fewest votes is removed from consideration," only allows one candidate to be dropped per round. Mr. Sarwark ruled the point of order "well taken, but wrong", ruling the Imhoff motion was in order.

The Imhoff motion was adopted by a voice vote.

The motion was adopted by a voice vote.

A delegate moved to suspend the rules for 2 minutes to consider a resolution calling for endorsement of the Convention of States project. The suspension failed by a voice vote.

Adam Kokesh (PA) moved to suspend the rules for 3 minutes to consider a resolution, a one-sentence unity statement related to the earlier-moved "New Orleans Accord". The suspension was adopted by a voice vote. Mr. Kokesh requested that Dane Posner (PA) and T.J. Roberts read the resolution. There was no objection from the body to allow a non-delegate to speak. The motion was read as follows:

Whereas it is necessary for all who passionately oppose injustice to stand together, we the members of the Libertarian Party hereby resolve that we welcome everyone who asserts the non-aggression principle, regardless of their preferences for what a voluntary world might look like.

Following debate, a voice vote on the resolution was inconclusive. It failed by a rising vote.

Michael Kielsky (AZ) moved to suspend the rules for 2 minutes to consider a resolution which was a variant of the "New Orleans Accord". The motion to suspend failed by a voice vote.

Andy Craig (WI) moved to suspend the rules for 30 seconds to consider a resolution. There was no objection to the suspension. Mr. Craig moved to adopt the following:

Resolved, this convention thanks and commends the moral courage shown by the flight crews and airlines who refused to participate in President Trump's kidnapping of children.

The resolution was adopted by a voice vote.

Dave Macko (OH) moved to suspend the rules for 2 minutes to consider a resolution regarding Special Counsel Robert Mueller. The suspension failed by a voice vote.

Scotty Boman (MI) moved to suspend the rules for 30 seconds to consider a resolution regarding children's rights to file for divorce. The suspension failed by a voice vote.

Adam House (TX) moved to suspend the rules for 2 minutes for a resolution regarding war crimes and abolition of the C.I.A. A voice vote on the suspension was inconclusive. The suspension failed by a rising vote.

Mr. Sarwark yielded the gavel to Alex Merced.

Jason Weinmann (NV) moved to suspend the rules for 30 seconds to consider a resolution declaring that no New Orleans Accord was necessary. The suspension failed by a voice vote.

Richard Fast (CA) moved to suspend the rules for 2 minutes to consider another variant of the "New Orleans Accord" resolution. The suspension failed by a voice vote.

A delegate raised a point of order about the high noise levels in the convention hall. A delegate raised a point of order that he didn't believe a quorum was present. The chair issued no ruling.

At 5:55 p.m. Mr. Sarwark resumed the gavel.

With the LNC At-Large ballot tabulation still underway, Mr. Sarwark moved to appoint the top-5 finishers in the LNC At-Large race regardless of whether they receive a majority vote. Mr. Sarwark ruled his own motion to be out of order and requested that the delegates overturn his ruling.

John Wilford (TX) requested the chair to reconsider his approach, and he appealed the ruling of the chair. Following debate, the vote to sustain the ruling of the chair failed by a voice vote, overturning the ruling and allowing introduction of the motion to appoint the top-5. Michael Kielsky (AZ) moved to suspend the rules and appoint the top-5 finishers in the LNC At-Large race. The motion was adopted by a voice vote.

## ADJOURNMENT

A delegate moved to adjourn. Darryl Perry (NH) sought recognition for a request for information. Mr. Sarwark ruled that the request was out of order with a privileged motion pending. The motion to adjourn was adopted by a voice vote at 6:00 p.m.

## ***SPECIAL THANKS***

It takes a team to do the job of Secretary in a convention which uses paper ballots for 1000 delegates. I want to offer a very special thanks to my team of tellers who worked at various times during the convention (Whitney Bilyeu, Bob Johnston, Sandra Kallander, Ken Moellman, Timothy Perkins, Erik Raudsep, Aaron Starr, Carolyn Wade, and any others I may have mistakenly missed) to count tokens, distribute ballots, double-check affiliate submissions, read affiliate tally sheets to me for tabulation, organize paperwork, find ways to do things more efficiently, and do whatever they saw needed to be done. I could not have done it all without you. I would also like to thank the team who assisted with the late-night tabulation of the Judicial Committee results (Richard Brown, Stewart Flood, Caryn Ann Harlos, Jo Jorgensen, Dustin Nanna, Frank Rossa, Aaron Starr, and two others).

THANK YOU!!!

Alicia Mattson  
LNC Secretary

## ELECTION ANOMALIES

by LNC Secretary Alicia Mattson

As I did following the 2012, 2014, and 2016 conventions, I performed an audit of the election results for the 2018 convention. Details I have documented in the appendices to convention minutes demonstrate that our process of manually tallying delegate ballots has not just the potential for a lot of errors, but there actually are a lot of errors.

The mistakes happen because humans are working in high pressure, fast-paced situations. The time pressures and loud background noise are hard to overcome. In 2016 convention delegates adopted rule changes which have helped catch some of these errors onsite, but it is evident that even with extra steps added, we are not yet getting perfect election results.

Documenting our mistakes is not an effort to criticize the good-faith efforts of our convention volunteers. Knowing that these problems exist is just a necessary first step to actually finding solutions for the problems for our future conventions.

### Vote-for-One Elections

The vote-for-one elections (Chair, Vice-Chair, Secretary, Treasurer) are much less error-prone than the elections in which delegates vote for multiple candidates for multiple seats (At-Large and Judicial Committee). Having pieces of paper with a single candidate's name that can be sorted into piles for each candidate, which can be quickly double-counted by a teller, generally yields accurate results even under the time pressures and noisy conditions of our convention elections.

The tellers' double-check of the delegation chairs' work was able to catch a few mistakes. A rule change adopted in 2016 made it mandatory to do an on-screen review of the state-by-state results. In many prior years, this step was skipped just to save time. Because of the now-required step, several errors were caught that way this year, allowing us to correct them before the results were announced. These errors included things like: delegation chairs writing votes for Candidate X on the tally sheet line for Candidate Y; misinterpreting what the delegation chairs had written; and data entry errors.

Even so, this year my audit revealed the below errors which were not successfully caught and corrected onsite before results were announced.

On the second ballot of the Vice-Chair election, the tally sheet from New Mexico indicated 7 votes for Joe Hauptmann and 1 vote for Alex Merced for a total of 8 votes. During my audit, there were actually 9 ballots submitted, with 8 votes for Joe Hauptmann and 1 vote for Alex Merced. Had this been caught onsite, the results for that round of balloting would have reported 570 ballots, rather than 569, and each candidate's percentages would have decreased very slightly. Since no candidate achieved a majority in that round of balloting, the outcome was not changed by this error.

The third ballot of the Vice-Chair election was combined on a single tally sheet with the Secretary and Treasurer elections. In the California delegation, 59 delegates turned in ballots. One delegate's ballot only contained a vote for the Secretary race, but no vote for the Vice-Chair or Treasurer races. RONR p. 416-417, as well as footnote 2 on tinted-page 48, explain that it should not be counted as a ballot cast for the two races in which votes were not cast. So in the Secretary's race, the number of ballots cast from California was 59. In the Vice-Chair race, the number of ballots cast should have been 58, though it was recorded as 59 on the state tally sheet and in the onsite results. In the Treasurer's race, the tally sheet again reported 59 ballots, but the Secretary corrected it to be 58. Had the ballot count in the Vice-Chair race been corrected onsite, the results in the third round of the Vice-Chair's race would have reported 657 ballots, rather than 658, and each candidate's percentages would have increased very slightly. Alex Merced would still have won a majority vote, so the outcome was not changed by this error.

On the Pennsylvania tally sheet in the Treasurer's race, initially the delegation chair had written 2 votes for NOTA, but this was then crossed out, was rewritten as 0 votes for NOTA, with the delegation chair's initials

beside the change. During data entry at the convention, I noticed their reported votes only added up to 26 votes, but their tally sheet reported 28 votes on 28 ballots. It seemed they hadn't updated their totals when they crossed out the 2 votes for NOTA, so I changed their totals to 26 votes on 26 ballots to match the other information on the tally sheet. During my audit, I found two ballots besides the votes noted on the tally sheet. One of them was blank, thus it does not count as a ballot cast. The other, however, contained 1 vote for NOTA. Their tally sheet should have instead reported 1 vote for NOTA, with a total of 27 votes on 27 ballots. Had this been caught onsite, the results in the Treasurer's race would have included 24 votes for NOTA rather than 23, and 653 ballots rather than 652. NOTA's vote percentage would have very slightly increased, and each other candidate's percentages would have very slightly decreased. Tim Hagan would still have won a majority vote, so the outcome was not changed by this error.

My audit found a few other anomalies which didn't impact any of the numbers reported. For instance, some write-in votes were either too ambiguous to identify as a particular person, or they were for ineligible candidates. RONR tinted-page 48 indicates that these should still be included in the number of votes cast. These should have been reported as either ambiguous or ineligible votes, rather than as valid write-in votes, however during the data entry phase I merely enter the total number of write-ins listed by the delegation chairs without spending the time to ponder each name and segregate the ambiguous/ineligible ones.

Each tally sheet asks the delegation chairs to fill in two blanks as a summary of their votes: "total votes" and "total ballots". In vote-for-one elections, these two numbers should match since each valid ballot would have one name on it. A surprising number of delegation chairs didn't understand what number should be entered in the "total votes" blank. Rather than totaling the number of votes cast for all the candidates combined, many would instead enter the total number of credentialed delegates in that affiliate, which was already pre-printed on their tally sheets anyway. These errors didn't cause any errors in reported results. During data entry it was obvious that the number of votes and ballots didn't match, and we used the correct numbers.

#### Vote-for-Multiple Elections

The larger number of human errors happens during elections in which delegates can vote for multiple candidates in the same race. These are at the end of our convention when there is high pressure to get things done in a hurry, and the convention continues to adopt resolutions while delegations are attempting to cast and tally their votes. Unlike the vote-for-one races, the ballots cannot just be sorted into a pile for each candidate because almost all of the ballots have multiple candidates on them, and using manual tally sheets takes more time and provides more opportunities for mistakes.

In 2016, the At-Large race had 418 delegates voting for 19 nominated candidates, and the Judicial Committee race had 365 delegates voting for 19 nominated candidates.

In 2018, the At-Large race had 603 delegates voting for 35 nominated candidates, and the Judicial Committee race had 501 delegates voting for 21 nominated candidates. It takes longer to tally votes manually when there are more delegates and candidates.

I note the following data found by my post-convention audits:

Year	Election	# of Ballots Cast	# of Affiliates Reporting	# of Affiliates with Errors on Tally Sheets	% of Affiliates with Errors on Tally Sheets
2014	At-Large	299	40	5	12.50%
2014	Judicial Committee	206	33	5	15.15%
2016	At-Large	418	46	13	28.26%
2016	Judicial Committee	365	46	12	26.09%
2018	At-Large	603	48	13	27.08%
2018	Judicial Committee	501	48	14	29.17%

Luckily, none of these errors changed the outcome of the elections, though they easily could have if the errors had happened to Candidate X rather than Candidate Y.

In addition to errors made by delegation chairs, mistakes happen during data entry. My 2018 audit found three data entry errors made in the originally reported At-Large results, and 0 made in the Judicial Committee results.

The extra review steps we have added to our processes catch some, but not yet all, of these human errors before results are announced.

In a few delegations, many of the delegates tended to “sign” their ballots, though they often just printed their own name, rather than using a cursive signature. Sometimes the delegates made little effort to distinguish the list of people for whom they were voting from the name of the delegate casting the ballot. This caused some problems for the tellers, making it hard to know whether or not a name was a write-in vote, and often requiring several repeat attempts to tally the same set of ballots.

### At-Large Election

This year, the initial At-Large tally was done under very different circumstances from those of the Judicial Committee tally, and the difference in the audit results is quite revealing. The At-Large tally started in the convention hall, with the adjournment clock quickly ticking away, with delegates conducting other business in the background, and delegates themselves complaining about the high levels of noise in the hall. Part of the way through the At-Large tally, we had to pause the process, distribute the ballots for the Judicial Committee, collect the ballots for the Judicial Committee, and then circle back to the At-Large tally. The convention adjourned when the Secretary’s tally had completed about 40 of the 48 reporting states.

Though tellers attempted to double-check the work of the delegation chairs, many mistakes still went undetected until the results were audited after the convention. Below is a listing of errors that were found only by the audit.

#### Data Entry Errors by the Secretary:

- IA – The tally sheets totals of 0 votes for NOTA and 1 write-in for Joe Hauptmann were mistakenly reversed to show 1 vote for NOTA and 0 write-ins
- NC – tally sheet reported 5 votes for Shipley, mistakenly entered as 6 votes
- PA – The tally sheet totals of 0 votes for NOTA and 2 write-ins were mistakenly reversed to show 2 votes for NOTA and 0 write-ins.

#### Errors by Delegation Chairs:

- CO – reported 24 ballots cast, actual was 23
- CO – tally sheet had 17 hash marks beside Joe Buchman’s name, but delegation chair wrote 12 in the blank for his vote total, actual total is 17
- CO – a vote for “Smith” without specifying whether it was for Heide Alejandro-Smith or for Joshua Smith was not included at all on the state tally sheet. RONR tinted-page 48 says the ambiguous vote does count in the total number of votes.
- CT - reported 3 votes for Henschman, actual was 2
- CT – reported 2 votes for Khosh-Sirat, actual was 3
- FL – a vote for “Smith” without specifying whether it was for Heide Alejandro-Smith or for Joshua Smith was marked by the delegation as being ambiguous, but it was mistakenly credited to Joshua Smith rather than listed as ambiguous
- NC – reported 3 votes for Khosh-Sirat, actual was 4
- NC – reported 1 vote for Alejandro-Smith, actual was 3
- NC – reported 4 votes for Joshua Smith, actual was 3
- NC – tally sheet shows 0 votes for Heide Alejandro-Smith and 7 votes for Joshua Smith, actual is 1 vote for Heide Alejandro Smith and 6 votes for Joshua Smith
- PA – one ballot contains an utterly indecipherable entry which was not reported in their totals. RONR tinted-page 48 says the ambiguous vote does count in the total number of votes.
- SC – reported 0 votes for Drew Layda, actual was 1
- TX – reported 18 votes for Hayes, actual was 19

## APPENDIX B ELECTION ANOMALIES

- TX – reported 31 votes for Scheetz, but actual was 30 because one ballot voted for Scheetz twice
- TX – reported 9 votes for Shipley, actual was 11
- TX – reported 11 votes for Slowinski, actual was 10
- WI – reported 2 votes for Heide Alejandro-Smith, actual was 3
- WI – reported 6 votes for Joshua Smith, actual was 7
- WI – reported 4 votes for Thrasher, actual was 5
- WI – reported 5 votes for Vohra, actual was 7
- WI – mistake made in adding total votes, reported 137 though tally sheet showed 142; add the 5 vote increases above and actual total was 147

There were two items which were found to need a category shift during the audit. RONR tinted-page 48 indicates that votes for ambiguous or ineligible candidates should not actually be credited to those candidates, though they should be included in the total numbers of votes cast. The following two items are instances where a write-in vote was credited to an ineligible candidate, and it really should be categorized as an ambiguous/ineligible vote. These re-categorizations do not change the total number of votes reported.

- NH - Write-in for Zane Sarwark
- TX – Two write-in votes, one each for “Your Mom” and “Taxation is Theft”

Had these errors all been caught before the initial results were reported, the actual results would have been as follows with 603 total ballots cast:

Candidate	Votes	Percent
Sam Goldstein	327	54.229%
Joe Bishop-Henchman	311	51.575%

Judicial Committee Election

Following the At-Large results, I attended the post-convention LNC meeting, and then assembled a team of tellers to help conduct the Judicial Committee tally. The Judicial Committee tally was conducted with no time pressures, no interruptions, and no background noise in a quiet room.

Following the convention, I audited the Judicial Committee results to see how accurate the tally had been, I found ZERO real errors made during the Judicial Committee tally. The only thing that I found was that two of the write-ins are clearly ineligible, so they should just be re-classified as “ambiguous / ineligible” rather than as a valid “write-in”, though they still get included in the totals.

Those of us doing that tally, late at night, after the post-convention LNC meeting, were all very tired, yet we achieved a perfect result when the conditions were favorable. Delegation chairs had been subjected to time pressures and noise of the convention hall, and they made a comparable number of errors on the state tally sheets. However, the tellers successfully caught and corrected all those errors before the results were aggregated and released.
